

## Ordering Certified FINOLA Planting Seed for 2018

**Dear Customer,**

To order your OECD certified C-1 FINOLA planting seed for 2018, please read these instructions carefully. This seed is packaged for commercial distribution in 25 kg bags. Each has its own official C1 blue tag certification. The certification tag is required to apply for the European Union crop subsidy, and provides proof that your crop is FINOLA. We are not exporting seed outside of Europe.

**We suggest a seeding rate between 25-30 kg/ha.** Good soil conditions, sufficient fertilization and correct sowing depth are essential for this variety. Please read our basic farming info, found on this page: <http://www.finola.fi/>.

### Seed prices for orders less than 300 kg, without transport costs

Number of 25 kg Bags	Minimum Hectares	Price*	€/kg
1 bag, 25 kg	1 hectare	€ 275.50*	€ 11.50
2 bags, 50 kg	2 hectares	€ 575.00*	€ 11.50
3 bags, 75 kg	3 hectares	€ 862.50*	€ 11.50
...	...	...	...
12 bags, 300 kg	12 hectares	€ 3450.00	€ 11.50

\*Orders less than 4 bags must be sent separately by UPS, with a €40 handling charge **for each bag**. This charge also includes a tracking link for each bag, but does not include transport costs. We will provide your invoice with a transport quote after we have received your order and delivery address.

Orders more 4 bags are sent together, with no extra handling charge. We will provide your invoice with a transport quote after we have received your order and delivery address.

Orders less than 500 kg may be invoiced and sent from our distributors in Central Europe, to save you time and money on the delivery. Please contact me by e-mail to discuss prices for orders 500 kg and over.

### **Ordering your SEED**

After you know the number of 25 bags you would like, use the link below to send us your order and deliver information:

<http://finola.fi/order-finola/>

If you do not have a European VAT number, then this tax will be added to your invoice. You may be able to reclaim that expense from your local tax authorities.

**After placing your order**, an invoice will be sent to you by e-mail. This invoice will include the full costs for the certified planting seed and its delivery.

**All orders must be paid by before shipping.** We do not accept payments by credit card. Do not send partial payments! After we have received your payment by bank transfer, your seed will be sent. You may also receive an estimation of the expected delivery date for your seed and the CMR tracking code (upon request), after payment is received.

**If you are ordering from outside of the European Union;** import and export permits are required, in addition to phytosanitary documents. This can be a long and complicated process. We do not do this for small orders. Be sure to understand that it will be your responsibility to receive any import at your nearest port of entry, to clear it through your customs and agricultural inspections, to pay any additional importation taxes or fees, and to eventually organize your own transport to a final destination.

### **Current status of FINOLA in the European Union**

FINOLA remains on the EU Commission's list of approved hemp varieties, and European farmers are entitled to the CAP single payment for cultivating FINOLA in all EU Member States, including the United Kingdom for 2018. If field samples are still collected for THC testing in your country, please be sure to help your agricultural officials plan for the correct time to collect FINOLA field samples; about 55 days after sowing. The sampling time is about 45 days in hot climates. Also, please inform us if samples are collected late from your field. To understand more about the correct sampling time for this variety, we have posted useful information on FINOLA's morphology and development on this page: <http://www.finola.fi/>.

**Contact and Availability:** I would really like to hear from all of you, but my days are full and I am now into the seventh decade of my life. If you are a new customer, or new to hemp, please read the ordering instructions carefully. I have also posted a lot of useful information for you on the Finola web pages. Please read through that information before calling, texting or e-mailing. Thank you!

If you must call, please send me an e-mail first, to describe your question or topic, and to schedule a time for a possible conversation.
